

Putting Victoria's fungal biodiversity ON THE MAP

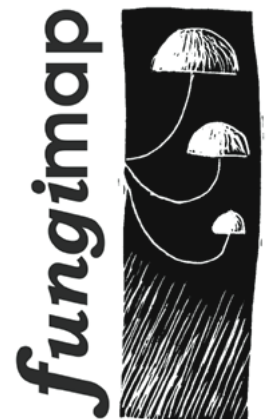

1 **Putting Central Northern Victorian fungi on the map**
Saturday 19 May 2018, 1:30 pm to 3:30 pm
Trentham Neighbourhood Centre

*Join Dr Sapphire McMullan-Fisher from Fungimap for information and training about local fungi.
Learn about an APP to enable you to share the local recognisable fungi you see in your area.*

2 **Monitor your local fungi**
Friday 18 May 2018, 2 pm to 4:30 pm
Meeting point to be arranged

Join Dr Sapphire McMullan-Fisher to visit local bushland and conduct a survey using the Fungimap APP to record both local recognisable fungi and 'lost fungi'.
